

As the global leader in depth filtration, FILTROX Group offers complete solutions for the filtration of valuable liquids. Since 1938, we are experts in the development, manufacturing, and sales of Swiss quality products for a wide range of applications in the food, beverage, pharmaceutical, biotechnology, chemicals and cosmetics industry. With more than 300 employees in eight countries, we can offer our customers around the globe a complete range of products and solutions.

For the further development and execution of our growth strategy we are looking for a dynamic

## **Global Product Manager Food & Beverage 100% (m/f/d)**

### **Key Responsibilities**

- Manage the product portfolio of depth filters for Food & Beverage clients, acting as the liaison between Sales, Production, and R&D.
- Leverage your industry expertise to understand customer needs, continuously refining and optimizing the product portfolio.
- Monitor market trends and customer demands, ensuring this feedback shapes our solutions.
- Share and enhance product knowledge internally and externally to maintain high standards and meet customer expectations.
- Oversee and create product documentation, ensuring accuracy and completeness.
- Lead improvement projects across the product portfolio, ensuring timely delivery and efficient stakeholder collaboration.
- Collaborate with Application Engineering, Market Management, and Marketing & Communications to develop and execute our global marketing strategy.

### **Qualifications & Skills**

- Proven experience in production, research, or education, preferably in food and beverage technology, bioprocess engineering or biotechnology.
- A scientific degree or equivalent qualification is required.
- Experience in product or project management is an advantage.
- Proactive, results-driven, and a strong team player with excellent interpersonal skills.
- Fluent in English and German; additional languages are a plus.

This key role involves regular visits to our headquarters in St.Gallen, Switzerland, and our production site in Barnoldswick, UK, with frequent international travel as part of the Global Marketing Team. The position can be based either in the St.Gallen office or fully remote, offering full flexibility.

FILTROX offers various opportunities for your individual development as well as modern employment conditions. This role is available immediately.
